Exclusions and Limitations

Our in-house dental plan is not an insurance plan, it has been designed to provide a way for our patients to obtain the dental care they need at a more affordable rate.

Benefits are available only with Dr. Mancuso and her team, for treatment that lies within their realm of expertise. Over-the-counter products are not included. The fees of any specialist that we may refer are not part of this plan.

Our plan may not be combined with any other discounts, or insurance, including instances that involve a lawsuit due to injury.

Plans fees are not refundable. No refunds are given if patient chooses not to use their plan benefits during their enrollment period. Unused benefits are not transferrable to another person. All dental services must be completed during the enrollment period. If enrollment expires before treatment is completed, coverage is no longer available.

Given the substantial discounts offered under this plan, payment for all single visit services are due at the time of service. Any service that requires multiple appointments may be paid with a 50% deposit at the start of treatment with the balance being paid in full at completion of the service. If you choose to extend your payment by paying through CareCredit®, or any similar healthcare financing merchant, the discount changes from 15% to 5% due to the merchant's fees.

There will be \$50 charge for broken appointments without 48 hour notice.

Plan fees and discount rates are subject to change annually.

Lapse in coverage is subject to a \$50 reinstatement fee .
